## **REPORT OF COMMITTEE OF MANAGEMENT**

**31 MARCH 2009**

The Committee of Management present their report and audited financial statements for the year ended 31 March 2009.

### **Principal activity**

The principal activity of Clydebank Housing Association is the development, management and maintenance of housing for people in housing need.

Clydebank Housing Association is registered with the Financial Services Authority as an Industrial and Provident Society, The Office of the Scottish Charities Regulator (OSCR) as a charity and Scottish Housing Regulator as a Registered Social Landlord

### **Our Strategic Aims**

We aim to be an excellent landlord and factor, providing good quality, affordable homes within the Clydebank area.

We promote the involvement of tenants in our decision making, so that we can be sure our services meet their needs.

We work with the community and other partners to help to improve Clydebank as a place to live.

Our Aims are to:

1. Manage, build and maintain our housing stock to a high standard.  
- We strive for both quality and value for money in all our services, so that rents remain affordable to people in work but with low wages.
2. Continually promote tenant involvement in how we work and perform. - We try to ensure tenants views and priorities are taken into account in our policy reviews and service delivery.
3. Meet the specific housing needs of individuals where we can - as far as our existing stock allows and ensuring unmet needs are addressed.
4. Ensure we work in partnership with the community, the Council, other agencies and voluntary groups to make Clydebank more attractive as a place to live.
5. Encourage membership of the organisation among residents.
6. Support and develop the Management Committee, to ensure the objectives of the organisation are met.
7. Ensure the work of the support teams, Finance and IT, help to maximise the productiveness of the core business teams.
8. Support and develop staff to achieve their maximum potential in their jobs.
9. Comply with legislation and best practice in all that we do.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## REPORT OF COMMITTEE OF MANAGEMENT

31 MARCH 2009

### Business review

The Association made a surplus of £209,811 in the year, as a result of our Major Repairs programme in the year not progressing as expected. The Association remains in a strong financial position with almost £4.2m deposited as cash funds, and has loan facilities available to it on demand. Clydebank continues to have a substantial major repair investment programme with attic insulation, kitchen replacements and lift renewals due in a substantial proportion of properties over the next few years. We have also provided substantial funds over the next five years to meet our commitments under the Scottish Housing Quality Standards. Cash surpluses will continue to be made, subject to our planned major repair programme over the next few years.

### Surplus for the year and transfers

The results for the year are shown in the Income and Expenditure Account on page 14.

Transfers to designated reserve:	£
- Major repairs reserve	209,811
Transfer to revenue reserve	-
Surplus for the year	<u>209,811</u>

### Members of Committee of Management

The Members of the Management Committee of the Association during the year to 31 March 2009 were as follows:

Mr J Hillhouse (Chairperson)	Mrs M Reid
Mr T P Winter (Vice Chairperson)	Mr N Crilley
Miss E Mackie (Secretary)	Ms P Rice (deceased November 2008)
Mr J B Hearn	Mr J Mooney
Mr A Hamilton	Mr D Muir
Mr P Shiach (appointed August 2008)	Mrs M Shiach (appointed August 2008)
Mrs S Ferrier (appointed August 2008)	

### Executive Officers

F Webster	Director
S Keenan	Depute Director
J Farrell	Senior Housing Officer
A MacFarlane	Senior Maintenance Officer
L Lees	Senior Finance Officer

## REPORT OF COMMITTEE OF MANAGEMENT

31 MARCH 2009

### Operational Review

#### 1. Corporate Governance

Our governing body is our Committee of Management, which is elected by and is responsible to the wider membership. It is the responsibility of the Committee to determine the strategy, and overall direction for the Association and its policies. They also monitor the operational activities of the Association and set standards of service delivery.

The Committee of Management members serve in a voluntary capacity and are unpaid. We recognise that this puts even more onus on us to ensure that we set and achieve high standards of professionalism in our work. We take governance very seriously and review our Governance policies and processes regularly.

The Executive Team are responsible for achieving the strategy set, undertaking the operational activities in line with the policies set.

This report details issues that have arisen during the year relating to the main activities undertaken by Clydebank Housing Association

#### 2 Corporate Issues

Tenant involvement and participation is a major part of Clydebank's Aims and Objectives, and we continue to review how Clydebank involves tenants in its activities. Clydebank is committed to involving tenants in decision making and policy making

#### Performance Management

Service delivery is underpinned by staff performance. This continues to be a high priority for us. We continue to invest in our staff in terms of provision and access to training opportunities in order to ensure that a high level of performance is maintained.

#### Best use of resources

We regularly conduct risk assessments, and take any action necessary to reduce or limit risk. We have continued with a programme of major investment in our housing stock, which is by far our most costly asset. This includes carrying out both major repair and cyclical repairs, and also considering whether any of our schemes should be improved further to meet the changing requirements of tenants in the future. We regularly update our stock condition information, to ensure that our long-term financial planning reflects our future investment requirements.

#### Services

We aim to deliver high quality services, and we set ourselves the goal of achieving continuous improvement in what we do. In our housing stock, we moved ahead with some major repairs that had become necessary and introduced improved arrangements for gas servicing.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## REPORT OF COMMITTEE OF MANAGEMENT

31 MARCH 2009

Our rent arrears management improved, with clearer information to tenants. We continued to deliver many completed adaptations to existing properties, to meet the specific needs of our tenants.

### 3 Development Issues

We have spent £2,516,911 on developing housing stock (2008 - £50,362) during the year, of which £342,930 (2008 – £49,116) was funded by Housing Association Grants.

### 4 Housing Issues

Clydebank continues to work on reducing the period of time taken to re-let or let new properties, to ensure that we maximize our effectiveness in housing people in need and reduce our costs. The rent loss due to empty properties was £9,155 (2008 - £17,841). Work is continuing to improve this figure.

### 5. Other Areas

#### Risk Management Policy

The Committee has, with advice from their auditors, a formal risk management process to assess business risks and implement risk management strategies. This involves identifying the types of risks the Association faces, prioritising them in terms of potential impact and likelihood of occurrence, and identifying means of mitigating the risks. As part of this process the Committee review the adequacy of the Association's current internal controls.

In addition, the Committee have considered the guidance for directors of public listed companies contained within the Turnbull Report. They believe that although this is not mandatory for the Association it should, as a public interest body, adopt these guidelines as best practice. Accordingly they have set policies on internal controls which cover the following:

- consideration of the type of risks the Association faces;
- the level of risks which they regard as acceptable;
- the likelihood of the risks concerned materialising;
- the Association's ability to reduce the incidence and impact on the business of risks that do materialise; and the costs of operating particular controls relative to the benefit obtained.
- clarified the responsibility of management to implement the Committee's policies and to identify and evaluate risks for their consideration.
- communicated that employees have responsibility for internal control as part of their accountability for achieving objectives.
- embedded the control system in the charity's operations so that it becomes part of the culture of the Association.
- developed systems to respond quickly to evolving risks arising from factors within the charity and to changes in the external environment.
- included procedures for reporting failings immediately to appropriate levels of management and the Committee together with details of corrective action being undertaken.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## REPORT OF COMMITTEE OF MANAGEMENT

31 MARCH 2009

### **Treasury Management**

The Association has an active treasury management function, which operates in accordance with the Treasury Management Policy approved by the Committee of Management. In this way the Association manages its borrowing arrangements to ensure that it is always in a position to meet its financial obligations as they fall due, whilst minimising excess cash and liquid resources held.

The Association, as a matter of policy, does not enter into transactions of a speculative nature. At 31 March 2009, the Association has a mix of fixed and variable rate finance, which it considers appropriate at this time.

### **Maintenance policies**

The Association seeks to maintain its properties to the highest standard. To this end programmes of cyclical repairs are carried out in the medium term to deal with the gradual and predictable deterioration of building components. It is expected that the cost of all these repairs would be charged to the Income and Expenditure account.

In addition, the Association has a long-term programme of major repairs to cover for works which have become necessary since the original development was completed, including works required by subsequent legislative changes. This includes replacement or repairs to features of the properties, which have come to the end of their economic lives. The cost of these repairs would be charged to the Income and Expenditure account, unless it was agreed they could be capitalised within the terms outlined in the SORP.

### **Internal Financial Control**

The Committee of Management is responsible for establishing and maintaining the Association's system of internal control. Internal control systems are designed to meet the particular needs of the Association and the risks to which it is exposed, and by their nature can provide reasonable but not absolute assurance against material misstatement or loss. The key procedures which the Committee of Management has established with a view to providing effective internal financial are outlined on pages 9 and 10.

### **Management Structure**

The Committee of Management has overall responsibility for the Association and there is a formal schedule of matters specifically reserved for decision by the Committee.

### **Quality and Integrity of Personnel**

The integrity and competence of personnel are ensured through high recruitment standards and subsequent training courses. High quality personnel are seen as an essential part of the control environment and the ethical standards expected are communicated through the Director.

### **Budgetary Process**

Each year the Committee of Management approves the annual budget and rolling five-year strategic plan. Key risk areas are identified. Performance is monitored and relevant action taken throughout the year through quarterly reporting to the Committee of variances from the budget, updated forecasts for the year together with information on the key risk areas. Approval procedures are in place in respect of major areas of risk such as major contract tenders, expenditure and treasury management.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## REPORT OF COMMITTEE OF MANAGEMENT

31 MARCH 2009

### **Rental Income**

The Association's Rent Policy is a points system based on the size, type and facilities of the accommodation. The policy ensures that the rent structure is easy to administer and covers the wide variations within the Association's properties. This policy follows the generally accepted practice/principles of the Housing Movement.

### **Employee Involvement and Health & Safety**

The Association encourages employee involvement in all major initiatives.

### **Disabled Employees**

Applications for employment by disabled persons are given full and fair consideration for all vacancies in accordance with their particular aptitudes and abilities. In the event of employees becoming disabled, every effort is made to retrain them in order that their employment with the Association may continue. It is the policy of the Association that training, career development and promotion opportunities should be available to all employees.

### **Credit Payment Policy**

The Association's policy concerning the payment of its trade creditors complies with the Confederation of British Industry guidelines. The average payment period is thirty days.

### **General Reserves Policy**

The Committee members have reviewed the reserves of Clydebank. This review encompassed the nature of the income and expenditure streams, the need to match variable income with fixed commitments and the nature of the reserves. To allow Clydebank to be managed efficiently and to provide a buffer for uninterrupted services, a general reserve equivalent to at least two months operating cost is being maintained. During the year the charity's general reserve remained constant at £500,000 (see note 7).

The Association has one other designated fund, the major repairs reserve. The purpose of this fund is detailed in note 1 in the financial statements. During the year this reserve increased from £4,919,256 to £5,129,067. The Association will continue to add to the reserve in line with its long term plans.

### **Sales of housing properties**

Properties are disposed of under the appropriate legislation and guidance. All costs, first tranche sales, and grants relating to the share of property sold are removed from the financial statements at the date of sale. Any grants received that cannot be repaid from the proceeds of sale are abated and the grants removed from the financial statements

We sold 4 (2008: 4) properties under right to buy and 0 (2008: 1) shared ownership tranche up sales in the year, thereby allowing some tenants to achieve their aspiration of becoming home owners.

# **CLYDEBANK HOUSING ASSOCIATION LIMITED**

## **REPORT OF COMMITTEE OF MANAGEMENT**

**31 MARCH 2009**

### **Future developments**

The Association successfully completed the development of 36 new "Homestake" flats, handed over in June 2008, and a new Regeneration Centre, "Centre 81" was opened in May 2009.

On the Riverside, 40 new flats at Cart Street will be available for rent from November 2009.

### **Information for Auditors**

As far as the Committee members are aware there is no relevant audit information of which the auditors are unaware and the Committee members have taken all the steps they ought to have taken to make themselves aware of any relevant audit information and to ensure that the auditors are aware of any such information.

### **Auditors**

Baker Tilly UK Audit LLP has indicated its willingness to continue in office.

On behalf of the Committee of Management

J Hillhouse  
(Chairperson)

Date: 25 June 2009

# **CLYDEBANK HOUSING ASSOCIATION LIMITED**

## **STATEMENT OF COMMITTEE RESPONSIBILITIES**

**31 MARCH 2009**

Under the legislation relating to Industrial and Provident Societies we are required to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Association and of the surplus or deficit of the Association of that period. In preparing those financial statements we are required to:

- select suitable accounting policies and apply them consistently;
- make reasonable and prudent judgements and estimates;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Association will continue in business.

We are also responsible for:

- keeping proper accounting records;
- safeguarding the Association's assets;
- taking reasonable steps for the prevention and detection of fraud.

By order of the Committee of Management

J Hillhouse  
(Chairperson)

Date: 25 June 2009

# **CLYDEBANK HOUSING ASSOCIATION LIMITED**

## **COMMITTEE OF MANAGEMENT'S STATEMENT ON INTERNAL FINANCIAL CONTROLS**

**31 March 2009**

The Committee of Management acknowledge their ultimate responsibility for ensuring that the Association has in place a system of controls that is appropriate to the various business environments in which it operates. These controls are designed to give reasonable assurance with respect to:

- the reliability of financial information used within the Association or for publication;
- the maintenance of proper accounting records; and
- the safeguarding of assets (against unauthorised use or disposition).

It is the Committee of Management's responsibility to establish and maintain systems of internal financial control. Such systems can only provide reasonable and not absolute assurance against material financial mis-statement or loss. Key elements include ensuring that;

- formal policies and procedures are in place, including the documentation of key systems and rules relating to the delegation of authorities, which allow the monitoring of controls and restrict the unauthorised use of the Association's assets.
- experienced and suitably qualified staff take responsibility for important business functions. Annual appraisal procedures have been established to maintain standards of performance.
- forecasts and budgets are prepared regularly which allow the Committee of Management and staff to monitor the key business risks and financial objectives, and progress towards financial plans set for the year and the medium term; regular management accounts are prepared promptly, providing relevant, reliable and up-to-date financial and other information and significant variances from budgets are investigated as appropriate.
- all significant new initiatives, major commitments and investment projects are subject to formal authorisation procedures, through relevant sub-committees comprising Committee of Management members and others.
- the Committee of Management review reports from management, from directors, staff and from the internal and external auditors to provide reasonable assurance that control procedures are in place and are being followed. This includes a general review of the major risks facing the Association
- formal procedures have been established for instituting appropriate action to correct weaknesses identified from the above reports.

**CLYDEBANK HOUSING ASSOCIATION LIMITED**

**COMMITTEE OF MANAGEMENT'S STATEMENT ON INTERNAL FINANCIAL CONTROLS**

**31 March 2009  
(Continued)**

The Committee of Management have reviewed the effectiveness of the system of internal financial control in existence in the Association for the year ended 31 March 2009 and until the below date. No weaknesses were found in internal financial controls which resulted in material losses, contingencies, or uncertainties which require disclosure in the financial statements or in the auditors' report on the financial statements.

By order of the Committee of Management

J Hillhouse  
(Chairperson)

Date: 25 June 2009

# **CLYDEBANK HOUSING ASSOCIATION LIMITED**

## **AUDITORS' REPORT ON CORPORATE GOVERNANCE MATTERS**

**31 MARCH 2009**

### **Corporate Governance**

In addition to our audit of the financial statements, we have reviewed the Committee of Management's statement on pages 9 and 10 concerning the Association's compliance with the information required by the section on Internal Financial Control within SFHA's publication "Raising Standards in Housing".

### **Basis of Opinion**

We carried out our review having regard to Bulletin 1999/5 that was issued by the Auditing Practices Board. The Bulletin does not require us to review the effectiveness of the Association's procedures for ensuring compliance with the guidance notes, nor to investigate the appropriateness of the reasons given for non-compliance.

### **Opinion**

In our opinion the statement on internal financial control on pages 9 and 10 has provided the disclosures required by the section on Internal Financial Control within SFHA's publication "Raising Standards in Housing" and is consistent with the information which came to our attention as a result of our audit work on the financial statements.

Date: 30 June 2009

# **CLYDEBANK HOUSING ASSOCIATION LIMITED**

## **INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CLYDEBANK HOUSING ASSOCIATION LIMITED**

We have audited the financial statements on pages 14 to 35, which have been prepared under the accounting policies set out on pages 17 to 21.

This report is made solely to the Association's members, as a body, in accordance with section 9 of the Friendly and Industrial and Provident Societies Act 1968. Our audit work has been undertaken so that we might state to the Association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept responsibility to anyone other than the Association and the Association's members as a body, for our audit work, for this report or for the opinion we have formed.

### **Respective responsibilities of Committee of Management and auditors**

The Management Committee's responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards are set out in the Statement of Management Committee's Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Industrial and Provident Societies Acts 1965 to 2002, the Housing (Scotland) Act 2001 and the Registered Social Landlords Accounting Requirements (Scotland) Order 2007. We also report to you if, in our opinion, the Management Committee's Report is not consistent with the financial statements, if the Association has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding director's remuneration and other transactions with the Association is not disclosed.

We read the Management Committee's Report and consider the implications for our report if we become aware of any apparent misstatements within it.

### **Basis of opinion**

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Committee of Management in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Association's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or error or other irregularity. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

**CLYDEBANK HOUSING ASSOCIATION LIMITED**

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF  
CLYDEBANK HOUSING ASSOCIATION LIMITED (contd)**

**Group accounts Section 14 (2) of the Friendly and Provident Societies Act 1968**

We agree with the opinion of the Committee of Management of the Association that it would be of no real value to the members of the Association to consolidate or include the accounts of the Association's subsidiary, in the group accounts required to be prepared under Section 13 of the Friendly and Industrial and Provident Societies Act 1968 for the year ended 31 March 2009, because the business of the Association and that of the subsidiary are so different they cannot be treated as a single undertaking.

**Opinion**

In our opinion the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the Association's affairs as at 31 March 2009 and of its surplus for the year then ended and have been properly prepared in accordance with the Industrial and Provident Societies Acts 1965 to 2002, the Housing (Scotland) Act 2001 and the Registered Social Landlords Accounting Requirements (Scotland) Order 2007.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2009

(Continued)

### 1. Accounting Policies

#### (a) Introduction and accounting basis

The principal accounting policies of the Association are set out in the paragraphs (b) to (q) below.

The Association is incorporated under the Industrial and Provident Societies Act 1965 and is registered by The Financial Services Authority. These financial statements are prepared under the historical cost convention and are based on the Registered Social Landlords Accounting Requirements (Scotland) Order 2007 and the Statement of Recommended Practice "Accounting by Registered Social Landlords", and in accordance with applicable accounting standards.

#### (b) Finance

The financial statements have been prepared on the basis that the capital expenditure referred to in note 8 will be grant aided, funded by loans or met out of reserves, or from proceeds of sales.

#### (c) Mortgages

Mortgage loans are advanced by private lenders under the terms of the individual mortgage deeds in respect of each property or housing scheme. Advances are available only in respect of those developments which have been given approval for Housing Association Grant.

#### (d) Housing Association Grants

Housing Association Grants (HAG) are utilised to reduce the amount of mortgage loan in respect of an approved scheme to the amount which it is estimated can be serviced by the net annual income of the scheme. The amount of HAG is calculated on the qualifying cost of the scheme in accordance with instructions issued from time to time by the grant awarding body. HAG and other grants are repayable under certain circumstances. These include the disposal of the properties to which the grants relate.

#### (e) Housing Association Grant - Acquisition and Development Allowances receivable

Acquisition and Development Allowances are advanced as grants. They are intended to finance certain internal administrative costs relating to the acquisition and development of housing land and buildings for approved schemes. Development allowances become available in instalments according to the progress of work on the scheme. These allowances are credited to development costs when they are receivable.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2009

(Continued)

(f) **Fixed assets - Housing land and buildings** (note 8)

Properties included in housing properties are stated at cost. The cost of such properties includes the following:

- (i) cost of acquiring land and buildings
- (ii) development expenditure including applicable overheads
- (iii) interest charged on the loans raised to finance the scheme

These costs are either termed "qualifying costs" for approved HAG schemes and are considered for mortgage loans by the relevant lending authorities or they are met out of the Association's reserves.

All invoices and architects' certificates relating to capital expenditure incurred in the year at gross value before retentions are included in the financial statements for the year, provided that the dates of issue or valuations are prior to the year end.

Development costs are capitalised to the extent that they are attributable to specific schemes, where such costs are not felt to be excessive.

Expenditure on schemes which are subsequently aborted is written off in the year in which it is recognised that the scheme will not be developed to completion.

Interest on the loan financing the development is capitalised up to the relevant date of HAG completion.

(g) **Depreciation**

(i) **Housing Properties**

Housing Properties are stated at cost, less social housing and other public grants and less accumulated depreciation. Depreciation is charged on a straight-line basis over the expected economic useful lives of the properties, which is stated to be 50 years.

No depreciation is charged on the cost of land.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2009

(Continued)

(ii) **Other fixed assets**

The Association's assets are written off evenly over their expected useful lives as follows:

Office Property	-	over 20 years
Furniture & equipment	-	between 3 and 5 years

A full year's depreciation is charged on these assets in the year of purchase, but no charge is made in the year of disposal.

(h) **Impairment of fixed assets**

Reviews for impairment of housing properties are carried out on an annual basis and any impairment in an income-generating unit is recognised by a charge to the income and expenditure account. Impairment is recognised where the carrying value of an income-generating unit exceeds the higher of its net realisable value or its value in use. Value in use represents the net present value of expected future cash flows from these units.

Impairment of assets would be recognised in the income and expenditure account.

(i) **Improvements**

Improvements are capitalised where these result in an enhancement of the economic benefits of the property. Such enhancement can occur if the improvements result in:-

- an increase in rental income or
- a material reduction in future maintenance costs or
- a significant extension of the life of the property.

Works to existing properties, which fail to meet the above criteria, are charged to the income and expenditure account.

(j) **Reserve**

**Designated reserve - reserve for major repairs (note 7)**

Accrued major repair expenditure, being the Association's commitment to undertake major repairs to its properties, is set-aside in a designated reserve to the extent that it is not met from HAG.

(k) **Apportionment of management expenses**

Direct employee administration and operating costs have been apportioned to the income and expenditure account on the basis of costs of the staff to the extent that they are directly engaged in each of the operations dealt with in those accounts.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2009

(Continued)

**(l) Sale of housing properties**

Properties are disposed of under the appropriate legislation and guidance. All costs and grants relating to the share of property sold are removed from the financial statements at the date of sale, except for first tranche sales. Any grants received that cannot be repaid from the proceeds of sale are abated and the grants removed from the financial statements.

First tranche Shared Ownership disposals are credited to turnover on completion, the cost of construction of these sales is taken to operating costs. Disposals of subsequent tranches are treated as fixed asset disposals with the gain or loss on disposal taken to the income and expenditure account, in accordance with the Statement of Recommended Practice.

Disposals under shared equity schemes are accounted for in the income and expenditure account. The remaining equity in properties sold before 1 April 2008 is treated as a fixed asset investment, which is matched with the grant received. For properties sold after 1 April 2008 the standard security over the remaining equity lies with the Scottish Government and is therefore not reflected in the Association's balance sheet.

**(m) Lease obligations**

Rentals paid under operating leases are charged to the income and expenditure account on the accruals basis.

**(n) Value added tax**

The Association is VAT registered. However, a large proportion of the income, namely rents, is exempt for VAT purposes and therefore gives rise to a partial exemption calculation. Expenditure as a result is shown inclusive of VAT

**(o) Pensions**

The Association participates in the centralised SFHA Defined Benefit Pension Scheme and retirement benefits to employees of the Association are funded by contributions from all participating employers and employees in the Scheme. Payments are made in accordance with periodic calculations by consulting actuaries and are based on pension costs applicable across the various participating Associations taken as a whole.

The expected cost to the Association of pensions is charged to the Income and Expenditure Account so as to spread the cost of pensions over the service lives of the employees.

**(p) Turnover**

Turnover represents rental, service and management charges from properties, agency fees, revenue based grants receivable from the Scottish Ministers and first tranche sales of shared equity and shared ownership properties.

**(q) Consolidation**

The Association and its subsidiary undertaking comprise a group. The accounts represent the results of the Association and not of the group.

# CLYDEBANK HOUSING ASSOCIATION LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2009

(Continued)

**(r) Property development cost**

The proportion of the development cost of shared ownership properties expected to be disposed of as a first tranche sale is held in current assets until it is disposed of. The remaining part of the development cost is treated as a fixed asset. Surpluses made on the disposal of first tranche sales are taken to the income and expenditure account in accordance with the Statement of Recommended Practice.

**(s) Stock and work in progress**

Completed properties and property under construction for outright sale are valued at the lower of costs and net realizable value. Cost comprises materials, direct labour and direct development overheads. Net realisable value is based on estimated sale price after allowing for all further costs of completion and disposal.

**(t) Change in accounting policies**

Accounting policies (l), (p) & (r) represent a change in accounting policy, following the implementation of the Statement of Recommended Practice, Accounting by Registered Social Landlords, 2008. The previous treatment was to credit the first tranche sale of shared ownership properties against the cost. The impact of this change in accounting policies on prior year reported figures is immaterial and no prior year adjustment has been necessary in respect of this change in accounting policy.

### 19. Contingent Liabilities

As part of the transfer agreement with the former Communities Scotland for the LSVT properties, the Association had undertaken to spend specific amounts on major repairs, planned maintenance and reactive maintenance. The expenditure for the second five year period is to be incurred before 31 March 2010.

In addition there were conditions in the transfer agreement relating to right to buy sales. If the number of sales exceeded a stated total, there is the possibility of further sums being payable to Communities Scotland.

Clydebank Housing Association has been notified by the Pensions Trust of the estimated employer debt on withdrawal from the Scheme based on the financial position of the Scheme as at 30 September 2006. As of that date the estimated employer debt for Clydebank Housing Association was £1,610,705. The Association has no current plans to withdraw from the scheme.

At 31 March 2009, the Association had no other contingent liabilities (2008 -£Nil).

### 20. Pension Commitments

#### General

Clydebank Housing Association Limited participates in the SFHA Pension Scheme.

The SFHA Pension Scheme is a multi-employer defined benefit scheme. The Scheme is funded and is contracted-out of the state scheme.

The Scheme offers three benefit structures to employers, namely:

Final salary with a 1/60<sup>th</sup> accrual rate.

Career average revalued earnings with a 1/60<sup>th</sup> accrual rate.

Career average revalued earnings with a 1/70<sup>th</sup> accrual rate.

An employer can elect to operate different benefit structures for their active members (as at the first day of April in any given year) and their new entrants. An employer can only operate one open benefit structure at any one time. An open benefit structure is one which new entrants are able to join.

Clydebank Housing Association Limited has elected to operate the final salary with a 1/60<sup>th</sup> accrual rate benefit structure for active members as at 1<sup>st</sup> April 2008 and the final salary with a 1/60<sup>th</sup> accrual rate benefit structure for new entrants from 1<sup>st</sup> April 2008.

The Trustee commissions an actuarial valuation of the Scheme every three years. The main purpose of the valuation is to determine the financial position of the Scheme in order to determine the level of future contributions required so that the Scheme can meet its pension obligations as they fall due.

The actuarial valuation assesses whether the Scheme's assets at the valuation date are likely to be sufficient to pay the pension benefits accrued by members as at the valuation date. Asset values are calculated by reference to market levels. Accrued pension benefits are valued by discounting expected future benefit payments using a discount rate calculated by reference to the expected future investment returns.

During the accounting period Clydebank Housing Association Limited paid contributions at the rate of 15.4% of pensionable salaries. Member contributions were 7.7%.

As at the balance sheet date there were nineteen active members of the Scheme employed by Clydebank Housing Association Limited. Clydebank Housing Association Limited continues to offer membership of the Scheme to its employees.

It is not possible in the normal course of events to identify the share of underlying assets and liabilities belonging to individual participating employers. SFHA is a multi-employer scheme where the scheme assets are co-mingled for investment purposes, benefits are paid from the total scheme assets, and the contribution rate for all employers is set by reference to the overall financial position of the scheme rather than by reference to individual employer experience. Accordingly, due to the nature of the Plan, the accounting charge for the period under FRS17 represents the employer contribution payable.

The last formal valuation of the Scheme was performed as at 30 September 2006 by a professionally qualified actuary using the Projected Unit Credit method. The market value of the Scheme's assets at the valuation date was £268 million. The valuation revealed a shortfall of assets compared with the value of liabilities of £54 million (equivalent to a past service funding level of 83.4%).

## NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2009

(Continued)

The Scheme Actuary has prepared an Actuarial Report that provides an approximate update on the funding position of the Scheme as at 30 September 2008. Such a report is required by legislation for years in which a full actuarial valuation is not carried out. The funding update revealed an increase in the assets of the Scheme to £265 million and indicated a decrease in the shortfall of assets compared to liabilities to approximately £149 million, equivalent to a past service funding level of 63.9%. Annual funding updates of the SFHA Pension Scheme are carried out using approximate actuarial techniques rather than member by member calculations, and will therefore not produce the same results as a full actuarial valuation. However they will provide a good indication of the financial progress of the scheme since the last full valuation.

Since the contribution rates payable to the Scheme have been determined by reference to the last full actuarial valuation the following notes relate to the formal actuarial valuation as at 30 September 2006.

The financial assumptions underlying the valuation as at 30 September 2006 were as follows:

	% pa
- Investment return pre-retirement	7.2
- Investment return post retirement	4.9
- Rate of salary increases	4.6
- Rate of pension increases	
pension accrued pre 6 April 2005	2.6
pension accrued from 6 April 2005	2.25
(for leavers before 1 October 1993 pension increases are 5.0%)	
- Rate of price inflation	2.6

The valuation was carried out using the PA92C2025 short cohort mortality table for non-pensioners and PA92C2013 short cohort mortality table for pensioners. The table below illustrates the assumed life expectancy in years for pension scheme members at age 65 using these mortality assumptions:

	Males	Females
	Assumed life expectancy in years at age 65	Assumed life expectancy in years at age 65
Non-pensioners	21.6	24.4
Pensioners	20.7	23.6

The long-term joint contribution rates required from employers and members to meet the cost of *future* benefit accrual were assessed as:

Benefit structure	Long-term joint contribution rate (% of pensionable salaries per annum)
Final salary 60ths	17.8
Career average 60ths	14.6
Career average 70ths	12.6

If an actuarial valuation reveals a shortfall of assets compared to liabilities the Trustee must prepare a recovery plan setting out the steps to be taken to make up the shortfall.

## NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2009

(Continued)

Following consideration of the results of the valuation it was agreed that the shortfall of £54 million would be dealt with by the payment of additional contributions of 5.3% of pensionable salaries per annum with effect from 1 April 2008. It is the Scheme policy that the joint contribution rate payable is split between employers and members in the ratio 2:1. Accordingly the joint contribution rates from 1 April 2008 for each of the benefit structures will be:

Benefit structure	Joint contribution rate (% of pensionable salaries per annum)
Final salary 60ths	23.1 comprising employer contributions of 15.4% and member contributions of 7.7%
Career average 60ths	19.9 comprising employer contributions of 13.3% and member contributions of 6.6%
Career average 70ths	17.9 comprising employer contributions of 11.9% and member contributions of 6.0%

A small number of employers that have closed the Scheme to new entrants are required to pay an additional employer contribution loading of 3.5% to reflect the higher costs of a closed arrangement.

If the valuation assumptions are borne out in practice this pattern of contributions should be sufficient to eliminate the past service deficit, on an on-going funding basis, by 31 March 2020.

A copy of the recovery plan, setting out the level of deficit contributions payable and the period for which they will be payable, must be sent to The Pensions Regulator. The Regulator has the power under Part 3 of the Pensions Act 2004 to issue scheme funding directions where it believes that the actuarial valuation assumptions and/or recovery plan are inappropriate. For example the Regulator could require that the Trustee strengthens the actuarial assumptions (which would increase the scheme liabilities and hence impact on the recovery plan) or impose a schedule of contributions on the Scheme (which would effectively amend the terms of the recovery plan). The Regulator has reviewed the recovery plan for the SFHA Pension Scheme and confirmed that, in respect of the September 2006 actuarial valuation, it does not propose to issue any scheme funding directions under Part 3 of the Pensions Act 2004.

The next full actuarial valuation will be carried out as at 30 September 2009.

Following a change in legislation in September 2005 there is a potential debt on the employer that could be levied by the Trustee of the Scheme. The debt is due in the event of the employer ceasing to participate in the Scheme or the Scheme winding up.

The debt for the Scheme as a whole is calculated by comparing the liabilities for the Scheme (calculated on a buy-out basis i.e. the cost of securing benefits by purchasing annuity policies from an insurer, plus an allowance for expenses) with the assets of the Scheme. If the liabilities exceed assets there is a buy-out debt.

The leaving employer's share of the buy-out debt is the proportion of the Scheme's liability attributable to employment with the leaving employer compared to the total amount of the Scheme's liabilities (relating to employment with all the employers). The leaving employer's debt therefore includes a share of any 'orphan' liabilities in respect of previously participating employers. The amount of the debt therefore depends on many factors including total Scheme liabilities, Scheme investment performance, the liabilities in respect of

(Continued)

current and former employees of the employer, financial conditions at the time of the cessation event and the insurance buy-out market. The amounts of debt can therefore be volatile over time.

Clydebank Housing Association Limited has been notified by The Pensions Trust of the estimated employer debt on withdrawal from the SFHA Pension Scheme based on the financial position of the Scheme as at 30 September 2006. As of this date the estimated employer debt for was £1,610,705.

### 21. Housing Stock

The number of units in Management at 31 March was as follows: -

	<b>2009</b>	<b>2008</b>
	<b>No</b>	<b>No</b>
General Needs Housing	<b>1,024</b>	1,028
