Clydebank Housing Association Expands Relationship with West Dunbartonshire Council

Clydebank Housing Association (CHA) is delighted to announce that West Dunbartonshire Council's (WDC) Maintenance & Repairs team has been appointed as their new out of hours emergency contractor.

The new arrangement, which starts on 2 April 2012, will see WDC respond to all non-heating related emergency call-outs from CHA residents.

Alison Macfarlane, CHA's Maintenance Manager, said, "WDC has been one of our approved contractors for a number of years and has recently been carrying out the majority of works in our void properties to an excellent standard. We are therefore happy to expand the local services WDC provides to our residents".

Helen Turley, Head of Housing and Community Safety at West Dunbartonshire Council said: "The Council is delighted that CHA has decided to continue its strong partnership with us by choosing our Maintenance and Repairs team as its out of hours emergency contractor. We are looking forward to providing a first class service to all CHA residents".

CHA wishes to take the opportunity to thank the McDougall Group for providing the out of hours emergency cover for the last 10 years.

The new WDC contact number has been issued to residents ahead of 2 April and up to date details are always available on CHA's website and answering machine.

Photocall: Please find enclosed a photograph of Alison Macfarlane, CHA Maintenance Manager, with Martin Feeney (left) and Ian Cummings (right) of WDC.
