

Your Right to Repair

Exclusions

There are some criteria which may affect the operation of the scheme and we will inform you if there are any changes due to, for example:

- If we require to arrange an inspection to fully identify the repair, the timescale does not start until the day after the inspection has been carried out
- Severe weather conditions
- Services can only be re-instated by a third party (e.g. Transco, Scottish Power)

The following repairs are excluded from the scheme:

- Repairs which are not the Association's responsibility including repairs which might involve an element of recharging to tenants e.g., repair required because of damage caused by tenant
- Repairs exceeding £350 maximum amount payable by the Association
- Repairs within a property's defects liability period which are the responsibility of the contractor who built the property or where fixtures or materials are under guarantee

For further information you can view our full Right to Repair Policy on our website, request a copy from the Maintenance team at the office or contact the Scottish Government on 0131 556 8400.

This leaflet provides a summary of our Right to Repair scheme - where all tenants have the right to have certain urgent repairs carried out within given timescales.

Background

Our tenants who have a Scottish Secure Tenancy Agreement have a legal right to have certain repairs carried out by us within a reasonable timescale.

This is called the Right to Repair Scheme and was brought in by the Housing (Scotland) Act 2001.

Qualifying Repairs

Details of 'qualifying repairs' are contained in the table on the right.

When you report a qualifying repair we will tell you this, provide you with details of an alternative contractor and that compensation is payable to you if the repair is not completed, as scheduled, in certain circumstances.

Timescales start at 9 a.m. on the next working day following the day the repair is reported and will end at 5 p.m. on the end day.

Exclusions

There are some criteria which may affect the operation of the scheme. These are detailed over the page.

Qualifying Repair	Maximum Working Days for Completion
Blocked flue to open fire or boiler	1
Blocked or leaking foul drains, soil stacks or toilet pans where there is no other toilet in the house	1
